INVITATION

The Australian Association for the Manual Handling of People (AAMHP) Workshops and Conference 2025 will be held at The **Brisbane Convention and Event Centre – South Bank Brisbane QLD on the 6th and 7th of November 2025**. AAMHP has been providing events and forums for the past 25 years and whilst there was a hiatus during those COVID years, the success of our last two 1-day workshops shows us that the time is right to bring back the 2-day event. The title of our event is ***Shaping Tomorrow - Advancing Safety and Care in People Handling***. We invite you to support the promotion and improvement of training and practice in the manual handling of people.

Background: The association is a multidisciplinary group of healthcare and OHS professions aimed at sharing ideas and prompting continuous improvement in the systems, training, equipment, and assistive devices available to safely move and handle people and materials in the health and community services environments. The themes of the 2025 conference are.

- Managing the Challenging
- Choice V's Risk
- Design to make a difference
- Sustainability and productivity in the workplace
- Research and Innovations, inclusive of the AAMHP awards.

The Association has always attracted an ever-increasing following from not only within Australia, but also internationally. Our previous conferences have attracted between 200 and 400 delegates from both the public and private health and community sectors, and it is anticipated that this conference will continue to attract these numbers.

This exciting conference and workshops will present a unique opportunity for people who are concerned about the manual handling of people to hear from experts in the field, update their knowledge and understanding, be exposed to the latest available equipment and to network with others from similar positions/organisations from all over Australia, New Zealand and internationally. The conference committee is working hard to ensure diverse learning opportunities from industry experts, in both plenary and workshop format and the social event planned will provide the perfect arena for networking as well as building contacts and friendships.

Trade Exhibition: In conjunction with the program, we anticipate a trade exhibition to support ongoing innovations and improvements in the safer handling of people and materials in all areas of care: Community, Disability, Aged, Acute, Emergency and home care. This also includes the scope of educational needs for disabled children, entertainment venues providing services for the disabled and funeral parlours managing Bariatrics.

Following each conference, we collate your feedback and hopefully have factored all your comments into the following prospectus, we have listened and value your continued support. The first being no more Sunday bump-ins! And the costs have come down. As the National Conference & Event Coordinator of AAMHP along with the Queensland conveners and committee members, it will be a team effort with dedicated members to assist and guide you through any queries you may have.

On that note, the conference organising committee invites your organisation to consider the merits of becoming directly involved in the conference by way of participating as a sponsor and/or exhibitor. The details of the range of ways your organisation can participate are outlined in this prospectus. To ensure a wide variety of marketing objectives are met, we would be happy to discuss with you the options outlined, or any additional avenues of involvement that you would like to propose.

This 2025 2-day conference in Brisbane Queensland will create unique opportunities for networking and promotion of business, and we are keen to ensure your participation as a sponsor and/or exhibitor.

Participation will be rewarded as it brings together a wide range of healthcare and Workplace Health and safety professionals directly involved in the selection, use and promotion of safer handling equipment, assistive devices and services.

- Sponsorship provides an excellent opportunity to promote your name, to support your brands and to maintain a high profile within the industry before, during and after the event.
- Sponsorship provides you with an opportunity to consolidate corporate relationships and expose your staff to their key markets
- Your representatives can mix informally with professionals from around Australia and internationally
- Your company will benefit significantly from exposure to a keenly interested, relevant and above all, influential audience in a diverse educational environment including plenary sessions, workshops and hands-on practical sessions away from the competition of everyday distractions
- The cost of sponsorship is a tax deductible expense
- The prices quoted in this prospectus are quoted in Australian Dollars and include the Australian Goods and Services Tax (GST)
- Early confirmation of your sponsorship will ensure a higher level of exposure. An extensive promotional campaign including advertisements, direct mail campaigns, email broadcasts and web exposure will be implemented in the lead up to AAMHP 2025 and the opportunity exists for your company to be represented as key supporter of the event well in advance.

Maximise your exposure: In addition to the sponsorship and exhibition, the association is keen to ensure participants are kept abreast of changes and improvements with equipment and assistive devices. Your organisation may wish to consider proposing a presentation or workshop from your clinical advisor or providing equipment for practical workshops.

If you would like to discuss any of the following options further, please contact:
